Check out “After High School” Alternative Training and Education Options:

According to the BLS, of the 20 fastest growing occupations, 14 require a 2-year degree or less. Furthermore, of the 20 occupations with the largest numbers of new jobs projected for 2020, 18 require on-the-job training, an associate degree or a postsecondary credential. (Bureau of Labor Statistics, *Occupational Outlook Handbook, 2012-13 Edition*)

This is a fantastic opportunity to check out 20+ schools and military options for training and education after high school. You don't have to go to a traditional college to learn a skill that is marketable and quick to obtain!
